Introduction

At Borrass Park Primary School the child is at the centre of everything we do. We pride ourselves on the inclusive nature of our school and we work with families to achieve the best outcomes for their child, recognising the importance of a strong partnership between home and school.

We ensure the needs of all learners are met through high quality teaching and effective differentiation, and where necessary, appropriate and reasonable adjustments are made to enable access for all to the learning and school environment so they can reach their maximum potential.

Ethos

- Every child is equal, valued and unique. We aim to provide an environment where all pupils feel safe and can flourish. We will respond to individuals in ways which take into account their varied life experiences and particular needs.
- All children and young people are valued as individuals and their varying needs are dealt with sensitively and effectively. We believe that each child receives a broad, balanced and differentiated curriculum ensuring self-esteem and confidence are enhanced and a positive attitude is developed.
- We aim to promote and sustain a whole school approach to wellbeing, which gives recognition to the strong links between wellbeing and outcomes for our children and young people.
- We are committed to providing an education that enables all pupils to make progress so that they achieve their best, become confident individuals living fulfilling lives and make a successful transition into adulthood.
- We are committed to promoting and providing all children and young people with a person centred education, paying attention to what is important to and what is important for them.
- We are committed to ensuring the rights of the child in accordance with the United Nations Convention on the Rights of the Child.
- We are committed to the successful inclusion of pupils with Additional Learning Needs (ALN). Within our school, every teacher is a teacher of all pupils, including those with any Additional Learning Needs (ALN).

Definition of ALN

At our school we use the definition of ALN from the Code (Draft 2021)

Additional learning needs

(1) A person has additional learning needs if he or she has a learning difficulty or disability (whether the learning difficulty or disability arises from a medical condition or otherwise) which calls for additional learning provision.

(2) A child of compulsory school age or person over that age has a learning difficulty or disability if he or she—

(a) has a significantly greater difficulty in learning than the majority of others of the same age, or

(b) has a disability for the purposes of the Equality Act 2010 which prevents or hinders him or her from making use of facilities for education or training of a kind generally provided for others of the same age in mainstream maintained schools or mainstream institutions in the further education sector.

(3) A child under compulsory school age has a learning difficulty or disability if he or she is, or would be if no additional learning provision were made, likely to be within subsection (2) when of compulsory school age.

(4) A person does not have a learning difficulty or disability solely because the language (or form of language) in which he or she is or will be taught is different from a language (or form of language) which is or has been used at home.

Aims and Objectives

As a school, we will;

- develop effective whole school provision for children and young people in all areas of need;
- take into account the views, wishes and feelings of children and young people and ensure their full participation where possible;
- recognise the views of parents/carers to ensure they are fully engaged in decision making;
- ensure a clear process for identifying, assessing, planning, providing and reviewing for children and young people who have ALN with them and their parents/carers at the centre;
- provide a curriculum that is broad and balanced to engage all children and young people at all levels and to promote an inclusive culture of learning;
- ensure equality of provision for all children and young people, including but not exclusive to, those with ALN;
- enable children and young people with ALN to achieve their potential;
- provide and access advice and support for all staff working with children and young people with ALN.

Partnership with Parents/ Carers

The child is at the centre of everything we do and we will work with families to achieve the best outcomes for their child.

Our school is committed to establishing and maintaining good working relationships with the families of all our pupils and recognises the importance of a partnership between home and school. Parents are kept informed of children's progress and are encouraged to play an active part in their children's learning and to support targets set.

Parents with concerns about their child should discuss these first with the class teacher who will inform the Additional Learning Needs Coordinator if necessary. Parents are fully involved in the review process. Written information is in accessible formats and sufficient notice is given for meetings to enable parents/carers time to prepare.

Pupil Participation:

The views of all pupils are valued. A person centred approach is adopted throughout our school, placing the child/ young person at the heart of everything we do and celebrating what they can do. Pupils with ALN are supported to be involved in decision making and to be able to express any concerns.

Role and Responsibilities

Governors will ensure that:

- the necessary provision is made for any pupil with ALN;
- all staff are aware of the need to identify and provide for pupils with ALN;
- pupils with ALN join in school activities alongside other pupils, so far as is reasonably practical and compatible with their needs and the efficient education of other pupils;
- parents are notified if the school decides to make additional learning provision for their child;
- they are fully informed about ALN issues, so that they can play a major part in school self-review;
- there are termly meetings between the ALNCo and the Local Authority Inclusion Team;
- the ALN Policy is subject to a yearly cycle of monitoring, evaluation and review led by Senior Leadership Team including the Link Governor and will be subject to approval by the Full Governing Body.

- supporting groups or individual pupils in accessing the curriculum under the direction of the class teacher and/or the ALNCo
- providing feedback to the class teacher regarding children's progress in class lessons.

Provision for children with ALN

Every educational/ school practitioner is a teacher of every child and young person. Teaching therefore is a whole school responsibility.

Universal Provision

We adopt a 'high quality teaching' approach at Borrass Park Primary school. High quality teaching, differentiated for individual pupils, is available to all pupils who have or may not have ALN. Reasonable adjustments will be made to support our pupils. The key characteristics of high quality teaching are:

- A broad, balanced and relevant curriculum with high engagement of pupils
- High quality teaching that is differentiated
- High expectations of every pupil
- Appropriate use of teacher questioning, modelling and explaining

Universal Provision is about maximising the classroom environment and refining teaching strategies and resources that are available to all. These include strategies to help concentration and attention, communication and interaction, literacy and numeracy, memory and organisational skills. Appropriate and reasonable adjustments are made to enable access for all to the learning and school environment.

Examples of our Universal Provision include:

- Whole class teaching
- Collaborative group work
- Small group and individual interventions
- Teaching strategies
- Pre-teaching strategies
- Visual timetables
- Specific resources e.g. numicon, number lines, sounds mats
- Boost Reading

Intervention

We operate a number of intervention programmes within all classes from Nursery up to Year 6. These may be Universal Provision or Targeted Provision depending on the needs of the child. All staff utilise intensive Literacy and Numeracy support and are trained to deliver intervention programmes focusing upon the understanding and development of pupils' emotional well-being. These programmes include the 'Students Assistance Programme' (SAP), 'Fun Friends' and 'Friends for Life' programme which are designed to boost pupil's self-esteem and offer emotional support. Speech and Language groups and Nurture groups also operate for selected children across school.

Targeted Universal Provision

There may be times where some of our pupils will require more support with their learning through a targeted approach. Where it is decided a pupil will have Targeted Provision, we will talk to the parents and their child. We will agree what intervention will be put in place, set small step targets, as well as the expected impact on progress, development or behaviour, along with a clear date for review. The class teacher will remain responsible for working with the child. If a pupil continues to make progress accessing targeted provision this can continue as required.

ALN Determination

If a pupil does not make progress according to the outcomes described over a sustained period of time, school will seek specialist expertise. This will inform future provision. School may liaise with the following services - Educational Psychology Service, School Health, Physiotherapy Service, Occupational Therapy Service, and, when appropriate, Social Services and Looked After Children Team.

The appropriate processes as documented in the statutory ALN Code will then be followed. If deemed appropriate, an Individual Development Plan (IDP) will be formulated.

Review

The effectiveness of the provision and interventions and their impact on the pupil's progress will be reviewed on an agreed date. Person centred reviews will be carried out in accordance with person centred processes through a collaborative approach, placing the child/young person and their family at the centre.

The class teacher or subject teacher, working with the ALNCo, will revise the provision in light of the child's progress. Outcomes created from the person centred review will take account of the aspirations of the child/young person and their family.

Managing pupils needs / IDP's

Formal person-centred review meetings for children and young people with an IDP will take place in consultation with the Local Authority Inclusion Team around the School (ITAS). At these meetings Parents and children and young people will be involved in reviewing progress and setting new person-centred outcomes. School practitioners are responsible for evidencing progress according to the outcomes described in the child's plan (IDP).

Supporting children with a medical condition

Each case will be discussed on an individual basis to ensure appropriate and personalised care is in place. Where a pupil also has ALN, their provision will be planned and delivered in a coordinated way with their individual healthcare plan.

Resourced Provision

Borras Park Primary School caters for children with specific hearing difficulties. Children are taught through a mixture of Sign Supported English (SSE) and British Sign Language (BSL). The Resourced Provision is funded by Wrexham County Borough Council's Education Authority.

We have two classrooms resourced for Hearing Impaired children and two Teachers of the Deaf, one based in Foundation Phase and one in Key stage 2.

Although the Resourced Provision is an integral part of our school, the Teacher of the Deaf acts as the key point of contact with the relevant local authority's inclusion and support services, external agencies, independent/voluntary organisations, health and social care professionals, educational psychologists, Sensory Service etc. However there is a clear line of communication with the Head Teacher, Senior Leadership Team, The Sensory Service, The Local Authority and the Teacher of the Deaf. This enables our school to plan, manage

and deliver its duties and responsibilities in identifying and meeting the needs of children and young people with hearing loss in addition to any Additional Learning Needs.

Looked after children (LAC)

The ALNCo and designated teacher meet on a **termly** basis to ensure that arrangements are in place for supporting pupils that are looked after who also have ALN.

Early Dispute Resolution

Initially an attempt will be made to resolve a dispute about **ALN provision** at school level.

Parents who are dissatisfied with the school's provision for additional learning needs should in the first instance report this to the class teacher. If they remain dissatisfied, they should then make an appointment to see the ALNCo/ Headteacher.

Should this fail to resolve the problem, the matter can be reported to the school's Governor for additional learning needs, who may be contacted through the School Office.

If parents are still not happy after using the school's complaints procedure, they should then contact the Local Authority for advice, support and information.

School will inform parents/carers of the local authority's commissioned independent disagreement resolution service.

If dispute is regarding **ALN determination**, parents/ carers should follow the process stated within the determination letter.

Staff development

In order to maintain and develop the quality of teaching and provision to support the strengths and needs of all pupils, all staff are encouraged to undertake training and development. The Senior Leadership Team reviews the training needs of staff through Performance Management and pupil progress meetings to plan appropriate professional development in relation to ALN.

The ALNCo ensures staff are informed of local and national developments in relation to ALN and Inclusion.

Monitoring and Evaluating ALN

Provision for pupils with ALN is a matter for the school as a whole. The board of Governors, in consultation with the Headteacher, has a legal responsibility for determining the policy and provision for pupils with additional learning needs. It is a statutory obligation of the school to keep their provision under review to ensure that the needs of all pupils are being met effectively

Admission Arrangements

Please refer to the information contained in the school's Admissions Policy, which can be accessed on the school website. The admission arrangements for all pupils are in accordance with national legislation, including the Equality Act 2010. This includes pupils with any level of ALN.

Transition Arrangements

Transition is carefully planned. In order to ensure successful transition both within school and from setting/primary school to setting/high school, the young person, parents/carers will be fully involved in the planning for the transfer to the new setting.

Key information about ALN provision will be shared with the next setting / primary /high school through the review process.
